### **Element Selected to Continue Providing Comprehensive Construction Management Services to the Santa Monica-Malibu Unified School District**

EL SEGUNDO, CA (May 19, 2017) – Element Consulting is proud to announce our team's recent selection to provide comprehensive construction management services to the Santa Monica-Malibu Unified School District (SMMUSD) for the Facility Improvement Projects under a 5-Year Master Services Agreement (MSA).

The MSA provides the District with the option of making project assignments via project specific work authorization on a Districtwide basis, depending on their need and overall program schedule. Element has been providing these types of services to SMMUSD since June 2016 on multiple large and small complex projects at Malibu Middle High School. Projects include a new 46,000sf Library and Administration Building, Interim Housing, new Parking Lot, multiple building renovations and various campus improvements thought the school site.

"It is an honor to be able to continue to serve the Santa Monica-Malibu Unified School District," said Roger Bañuelos, President of Element Consulting. "Thank you SMMUSD, for your continued trust in Element. We value the opportunity to help improve the learning environment through the construction of quality facilities for all students, and our team looks forward to a continued strong working relationship with SMMUSD."

Headquartered in Santa Monica and located within Los Angeles County, the SMMUSD serves over 11,000 students in the Santa Monica and Malibu communities. With a history spanning over 140 years, the SMMUSD includes 16 schools from Kindergarten through 12th grade, as well as 11 early childhood education centers and an adult school. SMMUSD is a top tiered, high performing district, consistently receiving recognition and awards for excellence in education.

*Element Consulting, Inc. is a construction management company dedicated to providing clients with responsible and innovative solutions to their project needs, from inception to completion. Based out of El Segundo, CA, the firm offers program, project, and construction management services.*
