ELEMENT CONSULTING SELECTED TO PROVIDE PROJECT AND CONSTRUCTION MANAGEMENT SERVICES FOR ECONOMIC RESOURCES CORPORATION

EL SEGUNDO, CA (October 3, 2016) – Element Consulting, Inc. is pleased to announce our selection to provide Project and Construction Management Services to the Economic Resources Corporation (ERC).

This project involves renovating a former Security Pacific Bank Branch building and converting the facility to a use that will generate economic expansion in the community of Long Beach.

Located on Pacific Avenue & 23rd Street, the 6,000 sf building will undergo extensive upgrades and modernization. Interior renovation will include demolition, electrical, plumbing, and HVAC. Exterior renovations will include new cladding, roofing, energy efficient lighting, and improvements to the parking lot, path of travel, and right of way.

Formed in 1968, ERC brings capital, expertise, and opportunity to underserved communities through development and investment in commercial and industrial real estate. By renovating vacant or underutilized properties, particularly in underserved urban submarkets of Los Angeles County, ERC is staying true to its mission of promoting economic growth and increasing job opportunities.

“We are proud to be working with ERC on this exciting project to serve the community,” said Roger Bañuelos, President of Element Consulting. “This project launches our efforts into the private sector and we look forward to a long term partnership with ERC.”

Element Consulting, Inc. is a construction management company dedicated to providing clients with responsible and innovative solutions to their project needs, from inception to completion. Based out of El Segundo, CA, the firm offers program, project, and construction management services.
