Element Consulting Selected to Provide Project / Construction Management Services to the El Segundo Unified School District

EL SEGUNDO, CA (April 5, 2017) – Element Consulting, Inc. is proud to announce our team's recent selection to provide project / construction management and related support services to the El Segundo Unified School District (ESUSD).

Element's scope encompasses projects at three distinct school sites: El Segundo High School, El Segundo Middle School, and Center Street Elementary. El Segundo High School's two story Science Building will undergo a renovation to provide air conditioning to its classrooms. El Segundo Middle School will receive four new permanent Silver Creek Industries modular classrooms and extensive ADA path of travel improvements. Center Street Elementary School will receive two new permanent Silver Creek Industries modular classrooms, ADA path of travel improvements, a new fire lane, the renovation of a surface parking lot, and a more accessible pick-up and drop-off area at the front of the school.

"We are honored to have been selected by the El Segundo Unified School District," said Roger Bañuelos, President of Element Consulting. "The improvements will greatly benefit the students and staff on these campuses, and it's particularly exciting to get to work with the school district in our own local community, where our firm is headquartered."

Located in the city of El Segundo and covering the western part of the city, the El Segundo Unified School District consists of six schools, including the Eagle's Nest Preschool, Richmond Street School, Center Street Elementary, El Segundo Middle School, El Segundo High School and the Arena/Virtual (Continuation) High School. Established in 1912, ESUSD serves approximately 3,400 students and consistently receives awards and recognition for excellence in education.

Element Consulting, Inc. is a construction management company dedicated to providing clients with responsible and innovative solutions to their project needs, from inception to completion. Based out of El Segundo, CA, the firm offers program, project, and construction management services.
