ELEMENT CONSULTING SELECTED TO PROVIDE PROGRAM / PROJECT MANAGEMENT SERVICES FOR THE MT. SAN JACINTO COMMUNITY COLLEGE DISTRICT

MT. SAN JACINTO, CA (August 17, 2016) – Element Consulting, Inc. is proud to announce our team's recent selection to provide program / project management and related support services to the Mt. San Jacinto Community College District (MSJC) as part of the District's \$295M Measure AA school facilities bond program.

Measure AA includes modernizing the San Jacinto Campus, including a new student center building and a new cultural & performing arts center with multi-use classrooms; the completion of the Menifee Valley Campus, including a math/science building and athletics facilities; as well as the construction and equipping of permanent facilities at the San Geronio Pass Campus. In addition, the program includes several district-wide projects such as classroom modernizations, infrastructure repairs, campus safety, improving disabled access, upgrading technology, and installing energy conservation equipment.

The \$295M facilities bond for the expansion of college career and educational facilities will also contribute to improving programs that support student transfers to four-year universities and job preparation.

"We are truly honored and privileged to be working with MSJC," said Roger Bañuelos, President of Element Consulting, "this is such an exciting program that will ultimately provide even greater opportunity for its students."

Located in the San Jacinto Valley of Riverside County, California, MSJC is a fully accredited community college district that provides career training and support for more than 20,000 students a year at 5 campuses. With honors such as the Top 150 Aspen Institute Award, the 1,700-square-mile district's rapid growth has led to MSJC being the fastest growing community college in California (11% in 2015-2016). MSJC is committed to supporting military veterans and their families, receiving the Military Friendly School designation in 2014, and ranking in the top 20 percent of colleges serving military students.

Element Consulting, Inc. is a construction management company dedicated to providing clients with responsible and innovative solutions to their project needs, from inception to completion. Based out of El Segundo, CA, the firm offers program, project, and construction management services.
